

**"INNOVATION AND NEW TECHNOLOGIES IN  
MANAGING CITIES TODAY  
AND IN PLANNING OF THE SMART CITIES OF  
TOMORROW"**

Different City - Smart City  
The 1st International Conference and Exhibition 2016  
3-4 November 2016, Bucharest-Romania

The Romania Green Building Council is partnering with the Different Angle Cluster Association to support this important and interesting conference. Join domestic and international experts, mayors, city planners and other policy makers, academics, and industry and local stakeholders. The conference will cover the areas of Buildings, Energy, ICT, Water, Transport and Public Places.

On the morning of the second day, RoGBC will announce details of the launch of an implementation in Romania of a certification of sustainable energy actions taken by cities.
